Shoutcasting

A shoutcaster is a spectating player with enhanced spectating abilities.

Shoutcasters see:

Floating player names
Dynamite counter
Truck/tank health
Unspotted/spotted mines

Shoutcasters are:

Not affected by speclock.
Marked with "shoutcaster" in the scoreboard.
Unable to join a team.

Becoming a shoutcaster

To become a shoutcaster, login with sclogin or shoutcastlogin , using the password provided by the server admin. Use sclogout or shoutcastlogout to log out.

To promote spectators to shoutcasters, referees and admins with rcon access can use these commands:

makeshoutcaster|makeshoutcast|makesc

removeshoutcaster|removeshoutcast|removesc

Admins

Enable shoutcasting by setting a non-empty shoutcast password in the cvar b_shoutcastpassword. Disable shoutcasting by using an empty string.
